Summit Gerbera: helping each other be the very best.

Summit Gerbera strives to be the best. Thanks to our six independent growers, we achieve this every day. What can you expect from Summit?

The very best in terms of quality

Eight of the country's leading growers work together in Summit Gerbera. They all share the same vision: to be the very best. These ultramodern companies pair the latest technological advances with traditional cultivation expertise.

The very best in terms of internal collaboration

All six collaborating growers keep each other sharp, from cultivation technology and products to packaging and sustainability. We share our knowledge and work as partners, not competitors.

The very best in terms of collaboration

We enjoy working with each other and with external retailers and wholesalers. This gives you a single point of contact for a comprehensive range of gerberas and germinis and also makes it possible to deliver bulk orders. Together with you, we can find the latest innovations or create the perfect shop set-up.

The very best in terms of sustainability

Each Summit grower works according to a strict sustainability protocol. We take responsibility for this generation and generations to come!

Want to become the very best with Summit Gerbera? We look forward to helping you!
